Our goal: to create the standard against which all other publishers' cooperative exhibits are judged. Look to \$domain to open new markets or assist you in reaching existing ones for a fraction of the cost you would spend to reach them on your own. New title launches, author appearances, special interest group/marketing niche...\$domain has done it all and more during a history of presenting over 2,500 successful exhibits. \$domain has the proven approach, commitment, experience and personnel to become your first choice in publishers' cooperative exhibit services. Give us a call whenever your ongoing marketing demands require the best exhibit service your promotional dollars can buy.

Pass The Det Diagnostic Entrance

One of the earliest methods used to test color vision was to compare the individual's color naming of everyday objects with that of a normal person. This was the method employed by Turberville (1684) and by several subsequent investigators. Dalton (1798) gave a detailed description of his own perceptions and those of his brother (both protanopes) and of some 20 other persons.
