It's never easy to affect social change in a short time period. In an ideal world, we could recognize a problem, find a solution and implement it immediately. Of course, this is very rarely works out, and progress is more commonly a gradual process that relies on shifting attitudes, policy change and social

Economic Justice

Social policies affect society and human behavior, and their importance for social-work practice has long been understood by the social-work profession. Modern social welfare policies, which respond to basic human needs such as health care, housing food, and employment, have evolved since their introduction during the New Deal of the 1930s as responses
