Beginning theory has been helping students navigate through the thickets of literary and cultural theory for over two decades. This new and expanded fourth edition continues to offer readers the best single-volume introduction to the field. The bewildering variety of approaches, theorists and technical language is lucidly and expertly unravelled.

Beginning Theory now in its third edition (2009), Barry has taken the time to bring the reference book, originally published in 1995, into the 21st century. Beginning with an outline of literary criticism pre-20th century (so-called liberal humanism), Barry thereafter analyzes and discusses structuralism, post-
