Consider The Fork A History

In Consider the Fork, award-winning food writer Bee Wilson takes readers on a wonderful and witty tour of the evolution of cooking around the world, revealing the hidden history of objects we often take for granted. Technology in the kitchen does not just mean the Pacojets and sous-vide machines of the modern kitchen, but also the humbler tools of everyday cooking and eating: a wooden spoon and a skillet, chopsticks and forks.

Consider the Fork: A History of How We Cook and Eat ...

Consider the Fork sells itself as a history of cooking, how we have developed as humans and our tools along with our diets. When Wilson sticks to that topic it's very interesting. When Wilson sticks to that topic it's very interesting.
