History without the Boring Bits: A Curious Chronology of ...

History without the boring bits is in fact more boring than a regular history book, surprisingly. It's full of little anecdotes and apocrypha. Confirmed what I already knew, that the Romans were a cruel bunch of maniacs (must have been something in the water), as were the British in the middle ages, as were most people of any nation throughout history.

Books similar to History Without the Boring Bits

Drill bits are cutting tools used to remove material to create holes, almost always of circular cross-section. Drill bits come in many sizes and shapes and can create different kinds of holes in many different materials. In order to create holes drill bits are usually attached to a drill, which powers them to cut through the workpiece, typically by rotation.
