CB400T Hawk In 1980, Honda only offered one model, designated as the Hawk, now simply designated CB400T. The CM400E took over the role of the cheaper Hawk I. It is similar to the European CB400NA. It has the same European styling and six-speed manual gearbox, although the pegs, footrest and gear lever are in the same position as the earlier ...

Honda CB400T - Wikipedia

Honda Motorcycles. Honda was founded in 1940s Japan by Soichiro Honda. During this time, the Japanese economy was recovering from World War II. Honda's business began as a producer of piston rings. Soon after the company started manufacturing Honda Motorcycles. It was in the 1960s that these inexpensive cycles really rose to the height of ...
