### Indigenous People And The Roles

Indigenous people also include people indigenous based on their descent from populations that inhabited the country when non-indigenous religions and cultures arrived—or at the establishment of present state boundaries—who retain some or all of their own social, economic, cultural and political institutions, but who may have been displaced from their traditional domains or who may have ...

### Indigenous peoples - Wikipedia

A tribe's role with the land developed over time so that the tribe was as much a part of the balance of the land as any of the indigenous plants and animals; they became indigenous people. The balance of the land can be represented in the simple equation of Land = Nature + Roles where nature can be indigenous minerals, plants, animals, or people.
