How to Add Music to iPhone from iTunes - Alphr

The default iTunes backup location is set to the PC or Mac's primary disk, and in macOS 10.15, iOS backups as created by Finder are stored in the same place. Users often want to change this when they run low on disk space. This article shows you how.

How to change the iTunes backup location

A skin can be many things. Some skins are very simple, single-purpose tools, like Windows desktop gadgets, or "widgets" on an Android device. Others are more complex, like miniature applications themselves. Some skins even come bundled in large "suites" and include their own tools for customizing their form and appearance, within or alongside Rainmeter's basic user interface.
